Tap Magic® Aluminum is a professional-quality cutting fluid that's specially engineered for cutting and machining operations on aluminum and other non-ferrous metals.

This is absolutely the most effective cutting fluid you can use for working with aluminum. Drilling, tapping, sawing... regardless of the cut, you'll enjoy superior performance, superb precision, and a beautiful micro-fine finish. Tap Magic Aluminum dissipates heat rapidly and provides closer tolerances. It also helps promote longer tool life.

OTHER FORMULAS

Tap Magic Aluminum is joined by a number of other Tap Magic Cutting Fluids, each carefully engineered for maximum effectiveness in specific applications.

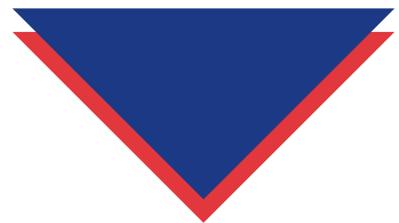

- Tap Magic XTRA®-THICK is without equal for deep hole cuts and cuts of long duration on the hardest metals such as inconel, titanium and stainless.
- Tap Magic with EP-XTRA® is an ozone-friendly, professional quality cutting fluid that's highly effective for virtually any cutting operation on any metal.

- Tap Magic XTRA®-FOAMY is an extreme-performance cutting fluid with a foam consistency that provides high visibility. It is ideal for all cuts on all metals – even hard metals up to 45 RC.

- Tap Magic ProTap®, our original biodegradable formula, is an outstanding general purpose cutting fluid that's free of all regulated chemicals.

- Tap Magic Formula 1 Aqueous is totally biodegradable and has a non-corrosive water base. Highly effective for all cuts on all metals except magnesium.

- Tap Magic Formula 2 Eco-Oil is totally biodegradable and has a unique base of natural oil that resists smoking and fuming, even on cuts that produce a lot of heat. Highly effective on all cuts and all metals.
